Opis produktu

Maintenance is an important part of keeping your bike running smoothly. If you ride your bike as much as we do, we recommend a complete rebuild every year or so. We also highly recommend you have your local Yeti dealer take care of the service, but offer this full rebuild kit for those who prefer to do their own work. Verify your link material is alloy and not carbon.

Features

- Enduro Max sealed bearings used for all pivot locations
- Custom Yeti Ti female and male bolts
- Pivot axles
